We're not running out of money...

**1979:
12 Churches**

**2008:
400 Churches**

Yet 150 million people still do not have
a witness of Jesus!

**A new church opens
every three weeks!**

That's eighteen new churches each year
mostly due to our Bible school students.

**We must expand &
relocate the Bible school**

We're not able to take on new students for the
emerging churches as we're out of space at our current
location. In 2009 we'll be building a new facility.

We now need scholarships for 100 students

The new facility will be ready, the future pastors and leaders will apply, congregations will be forming. All we'll need will be scholarships for sponsoring 100 new students.

You can be a part of this great opportunity!

It takes \$500 a year to put a Bible school student through school.
That includes: food, housing, outreach and tuition.

We are hoping for 100 students by 2009.

**If you would like to help, donations can be sent to:
